REPORT TO: Surgery Clerkship Office, GNH 9240, at 8:30 am

DURATION: 4-6 weeks

DATES OFFERED: All Year
   Rotations scheduled: to begin on any Monday

NUMBER OF STUDENTS: 2

VISITING STUDENTS: Yes (on a case-by-case basis)

PREREQUISITES: Surgery Clerkship

INSTRUCTION:
   25% Independent Study
   25% Other (Focused Library Research)
   20% Attending Rounds/Small group discussion
   20% Supervised Patient Care
   10% Lectures

DESCRIPTION:
This surgical critical care rotation will introduce the medical student to the peri-operative management of trauma and non-trauma emergency surgery patients. The patient population exposure is a wide range from trauma surgery, general surgery, ENT, and other surgical subspecialties. Participation will be concentrated in detailed management of ICU patients and daily hospital rounds.

EVALUATION:
No formal written or oral tests given. Student’s performance is assessed by the faculty who work with them as for their effort, proficiency and behavior. Participation during rounds and in direct patient care is heavily weighted. All the staff will evaluate the individual student and the preceptor will summarize the overall performance in the student evaluation form.

*Selective Attendance and Illness Policy
In order to ensure adequate clinical exposure, no more than 3 days of excused absences (to include official holidays) can be allowed during a selective. This policy does not imply that absences are guaranteed; absences may be excused at the discretion of the faculty. Absence due to illness must be reported to the faculty or his/her designee as soon as possible. In case of extended absence (2 days or more), a note from a physician (who is not a relative) is required and the absence will be reported to the Office of Student Affairs. A physician note may be requested for any absence, at the discretion of the faculty.

Students will generally be required to make up days before a passing grade can be assigned. All absences must be excused and any planned absence must be registered with the preceptor prior to the first day of the selective. Students should take vacation time if he/she anticipates a need for more than 3 absences during a selective. USMLE and BLS/ACLS will not be considered excused absences.
