PLASTIC SURGERY

Location: Keck Hospital of USC
Revised: 01/20/19

DIRECTOR: Alex Wong, MD
PHONE #: 323-442-7920

COORDINATOR: Erica Luong
PHONE #: 323-442-7903
E-mail: eluong@med.usc.edu
Fax: 323-442-7901

REPORT TO: Please report to HCI 415 at 9:00am on first day of clerkship to check-in and for orientation. Will connect you with team after orientation.

PREREQUISITE: Surgery Clerkship; MUST include USMLE Step 1 score as part of application

DURATION: 4 weeks

DATES OFFERED: June - April
ROTATION START DATES: 6/3/19, 7/1/19, 7/29, 8/26, 10/7, 11/4, 12/2, 1/6/20, 2/3, 3/2 and 4/6
Monday start date and a Friday end date.

NUMBER OF STUDENTS: 1-2

VISITING STUDENTS: Yes

DESCRIPTION:
This Plastic surgery clerkship will introduce the medical student to the broad realm of reconstructive plastic surgery and wound care management. This includes decision-making, preoperative preparation, operative treatment, postoperative care and follow-up. Participation will be concentrated in daily patient care rounds, assisting in surgery, attending surgical conferences, and outpatient care.

EVALUATION:
No formal written or oral tests given. Student’s performance is assessed by the faculty who work with them as for their effort, proficiency and behavior. Participation during rounds and in the operating room is heavily weighted. Students will be expected to know basic anatomy related to cases they participate in. All the staff will evaluate the individual student and the preceptor will summarize the overall performance in the student evaluation form.

*COURSE OBJECTIVES*
Students will be able to:
1. Discuss pathophysiology, variable anatomy and surgical techniques related to flaps.
2. Become familiar with breast anatomy and discuss indications and choices for breast reconstruction.
3. Discuss basic elements related to reconstruction of lower extremity defects due to infection, cancer, or trauma.
4. Discuss pathophysiology of non-healing wounds and understand wound management options.

SUPERVISION:
30% Faculty
20% Fellows
50% Residents

SELECTIVE ATTENDANCE AND ILLNESS POLICY
In order to insure adequate clinical exposure, no more than 3 days of excused absences (to include official Holidays) can be accepted during a selective. This policy does not imply that absences are guaranteed; absences may be excused at the discretion of the faculty. Absence due to illness must be reported to the faculty or his/her designee as soon as possible. In case of extended absence (2 days or more), a note from a physician (who is not a relative) is required and the absence will be reported to the Office of Student Affairs. A physician note may be requested for any absence, at the discretion of the faculty.

Students will generally be required to make up days before a passing grade can be assigned. All absences must be excused and any planned absence must be registered with the preceptor prior to the first day of the selective. Students should take vacation time if he/she anticipates a need for more than 3 absences during a selective. USMLE and BLS/ACLS will not be considered excused absences.
