NUMBER OF STUDENTS: 1

VISITING STUDENTS: Yes, upon verification
Apply through VSAS

SUPERVISION:
60% Residents
40% Faculty

DESCRIPTION:
Students will function as members of the Family Medicine Inpatient Service (FMIS) at California Hospital Medical Center (CHMC). The FMIS is the core inpatient service of the CHMC/USC Family Medicine Residency at CHMC. The FMIS covers inpatient adult (including ICU care), pediatric and maternity care for patients from the USC-Eisner Family Medicine Center, South Central Family Health Center, and various other community clinics in and around downtown LA. Students will co-follow patients with residents, participate in attending rounds, daily noon conference and weekly Morning Report. Students will create and perform a presentation on a clinical topic of their choice.

EVALUATION:
No formal written or oral tests given. Student’s performance is assessed by the faculty who work with them as for their effort, proficiency and behavior. All the staff will evaluate the individual student and the preceptor will summarize the overall performance in the student evaluation form. Students who have problems will be counseled as needed.

*Selective Attendance and Illness Policy
In order to insure adequate clinical exposure, no more than 3 days of excused absences (to include official Holidays) can be accepted during a selective. This policy does not imply that absences are guaranteed; absences may be excused at the discretion of the faculty. Absence due to illness must be reported to the faculty or his/her designee as soon as possible. In case of extended absence (2 days or more), a note from a physician (who is not a relative) is required and the absence will be reported to the Office of Student Affairs. A physician note may be requested for any absense, at the discretion of the faculty.
Students will generally be required to make up days before a passing grade can be assigned. All absences must be excused and any planned absence must be registered with the preceptor prior to the first day of the selective. Students should take vacation time if he/she anticipates a need for more than 3 absences during a selective. USMLE and BLS/ACLS will not be considered excused absences.
