1. Describe morbidities associated with morbid obesity.
2. Describe the biology of weight loss surgery.
3. Manage colorectal and pelvic disorders.
4. Describe the presentation and management of splenic disorders and adrenal disorders.
5. Manage various types of hernias.

DURATION: 4 weeks

DATES OFFERED:

NUMBER OF STUDENTS: 2

VISITING STUDENTS: Yes

INTERNATIONAL STUDENTS: On a case by case basis
Student CV required

SUPERVISION: 40% Residents
30% Fellows
30% Faculty

CALL SCHEDULE: No night call

DESCRIPTION:
The clerkship will introduce medical students to the diagnosis, preoperative preparation, operative treatment, postoperative care and follow up of cases referred to USC University Hospital, a tertiary care facility. The patient population includes a wide range of general surgery patients, bariatric, colorectal, pelvic floor, splenic, adrenal and hernia cases. Students on this clerkship will participate in daily rounds, assist in surgery, attend surgical conferences and outpatient care (at the USC Healthcare Consultation Center).

EVALUATION:
Students will be evaluated on their effort, proficiency, professional behavior, and participation during rounds and in the operating room. All GI faculty will evaluate the individual student and the faculty preceptor will summarize overall performance on the student evaluation form.

*Selective Attendance and Illness Policy

In order to insure adequate clinical exposure, no more than 3 days of excused absences (to include official Holidays) can be accepted during a selective. This policy does not imply that absences are guaranteed; absences may be excused at the discretion of the faculty. Absence due to illness must be reported to the faculty or his/her designee as soon as possible. In case of extended absence (2 days or more), a note from a physician (who is not a relative) is required and the absence will be reported to the Office of Student Affairs. A physician note may be requested for any absence, at the discretion of the faculty.

Students will generally be required to make up days before a passing grade can be assigned. All absences must be excused and any planned absence must be registered with the preceptor prior to the first day of the selective. Students should take vacation time if he/she anticipates a need for more than 3 absences during a selective. USMLE and BLS/ACLS will not be considered excused absences.
